Fiscal Year 2022-2023 Annual Data Report

The Green Peacock is the brainchild of founder Chaila Gilliams. In Chaila's pursuit to improve the health of her community, social engagement, and networking with other nonprofits. In 2019 she organized The **GREEN** = (Good Health & Nutrition) **PEACOCK** = (Symbol of Black & Caribbean Culture).

Witnessing a growing health crisis especially in underserved communities and coupled with the rise of COVID-19 related bereavements, it was evident that our programming needed to address not only the physical inactivity and poor diets leading to obesity but also the need to aid communities in coping with grief, stress, violence, low self-esteem, learning disabilities and the pressures of living in pandemic times.

According to Data Haven, nearly one-half of middle school students in New Haven's public schools did not meet guidelines for healthy weight.

The Green Peacock's goal and mission is to change this and to reduce the increased 5% obesity rate of 32.7% in New Haven and decrease it by 15% to 27% or below by end of 2025.

In the 2022-2023 fiscal year through our facilitated health, fitness, mind and body wellness programs we have positively impacted over ten neighboring Greater New Haven communities, 600 NHPS families, and over a dozen community organizations to improve their health, create better nutrition habits, and empower, strengthen, and build character and self-esteem.

- We have serviced 6 summer camps and 6 schools during the school year
- We have increased school attendance and program participation by nearly 30% according to attendance tracking sheets
- Our Pacer Fitness Tests (Green Peacock Modified Edition) have increased in performance from an average of 30 jumping jacks per 120 seconds to an above average 75 jumping jacks per 120 seconds; 20 crunches per 60 seconds to 38 crunches per 60 seconds; 10 pushups per 60 seconds to 18 pushups per 60 seconds; and increased average flexibility from 2-3inch sit & reach to 5-6 inches sit and reach
- Engaged participants from 0 to 20 minutes a week of physical fitness activity to 150 minutes a week of physical fitness activity
